

Burt's Shamrock Print Stamp

Send the luck of the Irish to friends and family with a shamrock-stamped St. Paddy's Day card.

Craft Materials:

- Potato
- Pencil
- Knife
- Green paint
- Paper

How to make it:

1. Ask an adult to use a sharp knife and cut a large potato in half, then draw a shamrock with a pencil on the flat side.
2. With a sharp knife (parent's job), cut around the edges of the shamrock about 1/2 inch deep, so the clover design protrudes. Pat the potato dry.
3. Dip the carved potato into a shallow container of green paint and stamp away!
