

# Play It Safe!

## Prepare for an emergency with these safety tips:

- Know what disasters could occur where you live.
- Have a family disaster plan so you know where to meet in an emergency.
- Put together a family disaster supply kit with items such as canned food, bottled water, a first aid kit, medication, blankets, flashlights, battery-operated radio, and extra batteries.
- Determine the evacuation routes out of your town and directions to local shelters.
- Memorize the phone number of a friend or family member outside the disaster area to call and let them know you are alright.
- Have a plan for a place to take your pet in the event of an evacuation, such as a boarding facility or animal shelter.

# DANGER RANGERS®

Have a safety kit with a flashlight, radio with batteries, water and some non-perishable food ready in case of an emergency.
