

# Play It Safe!

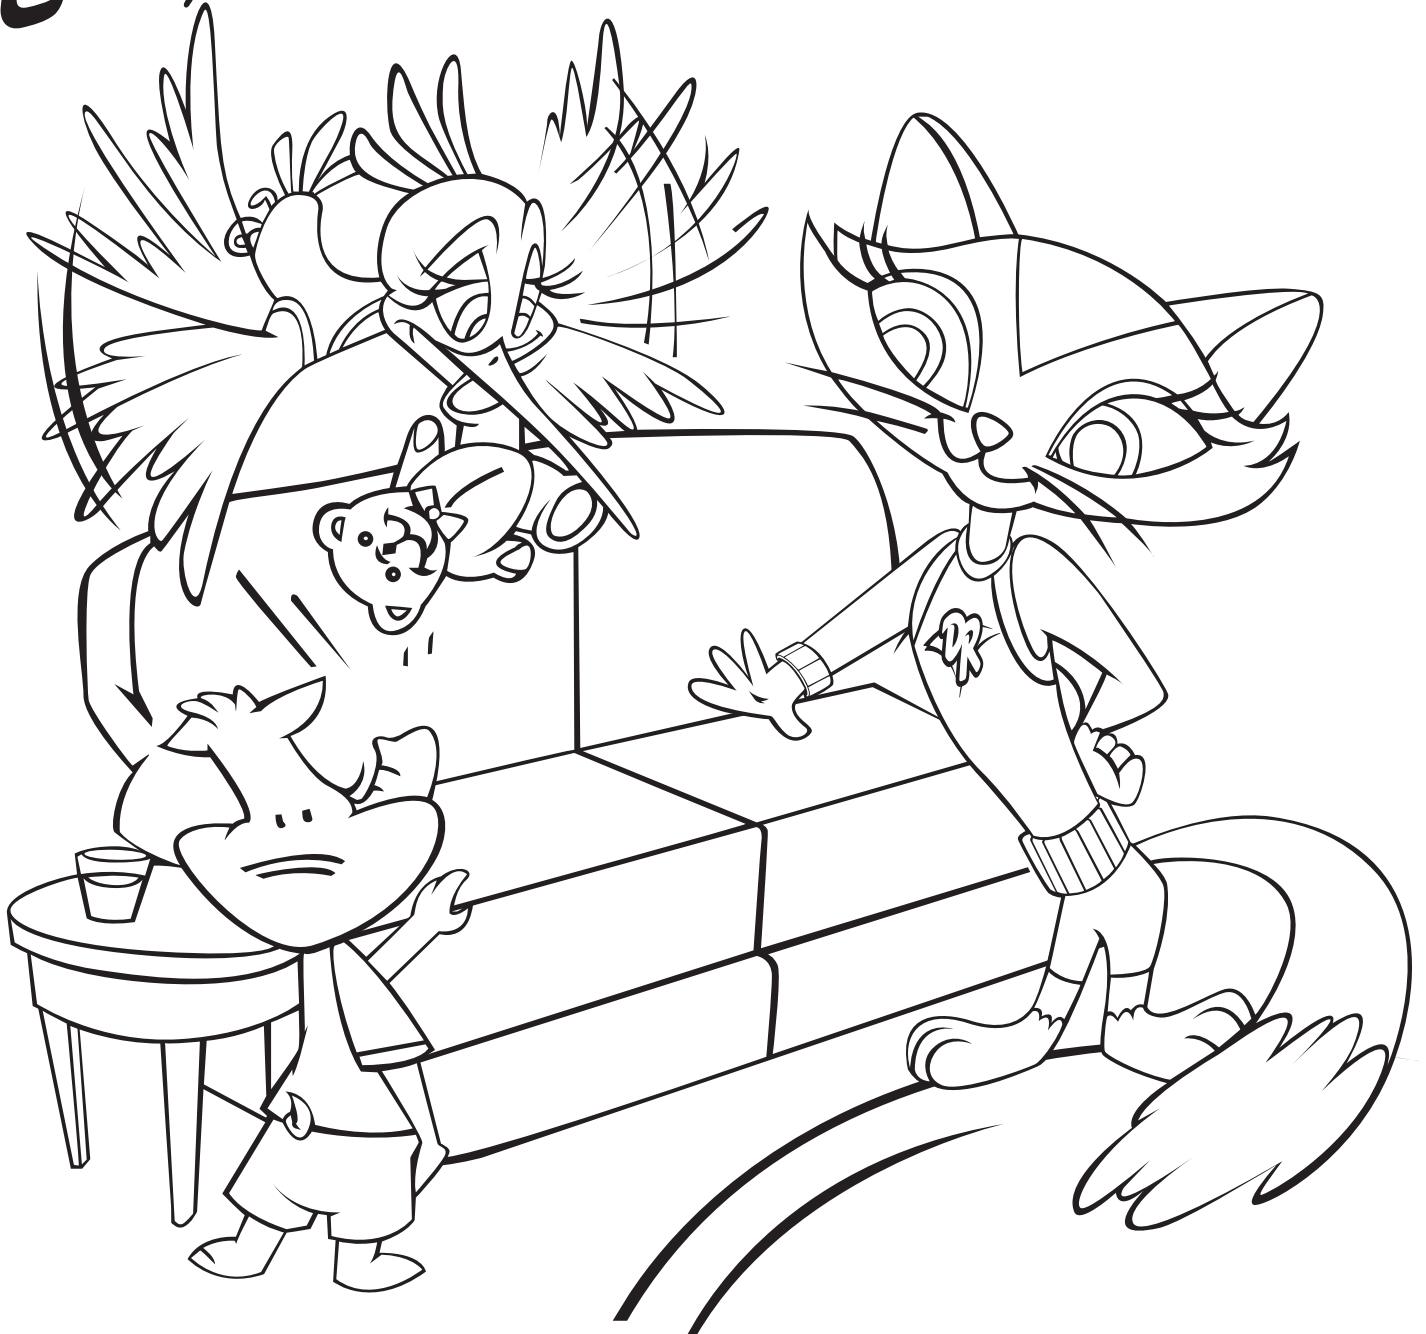

**In a home emergency, remember these safety tips:**

- Know where the smoke alarm is in your home and how it works.
- Do not touch the kitchen stove. It may be hot.
- Do not play with matches. Matches are not toys.
- Do not climb on furniture as it may tip over.
- Know how to leave your home in case of a fire.

# DANGER RANGERS®

Climbing or pulling down furniture can be dangerous. Always ask an adult for help if something is out of reach.
